

Working in conjunction with The Cambridge Institute of International Education, Uxbridge has partnered with gphomestay, to provide quality homestays for International Students who attend American High Schools across the country.

We plan to extend the opportunity to study at UHS to up to ten International Students for the 2015-16 academic year. For this reason, we are searching for caring families who would be willing to open their home to an International Student. Our students enjoy getting involved in sports and clubs like all students and learning more about the American culture. This is also a great opportunity for your family to learn more about a different culture and way of life.

Host families receive a stipend of **\$10,000 (\$1000** per month for their stay) for the academic year to cover any costs that arise with an extra person living in the home. Students and host families also have ongoing support from a local Residential Coordinator.

If you are interested in becoming a host or looking for more information, please visit our Website at www.gphomestay.com, or directly fill out an application: <http://www.gphomestay.com/Application.html>.

You may also contact Uxbridge's Residential Manager, Jessica Johnson, directly at (781) 996-0451, or at jjohnson@gphomestay.com.
