To All,

Congratulations to Sue Priore and Hurley Silbor both high school teachers, they both were recognized by former students for inspiring them while they attended Uxbridge High School. The attached letters were received by my office and while reading the letters it was clear to me I wanted to share with all of you how we (in this case Sue and Hurly) are making a difference in the lives of students ... Thanks and congratulations Sue and Hurley what a great compliment from a most appropriate source ... our students.

Dan

Mrs. Susan Priore
 Uxbridge High School
 62 Capron Street
 Uxbridge, MA 01569

Dear Mrs. Priore:

At our recent freshman orientation, we asked our new education majors/minors to identify those attributes and characteristics that outstanding teachers exhibit. We discovered that most decided to pursue an education program based on the modeled behaviors of their motivating and challenging teachers.

I am pleased to say that one of our students, Margaret Haley, singled you out as one of those admired and memorable educators who had a great influence on her coming to Worcester State College to study for this noble profession. Specifically, Margaret said, "She set me in the right direction, believed in me and supported me. She is an amazing woman".

The members of the Education Department at Worcester State College want to recognize your part in inspiring these future teachers. We wish you a successful and gratifying school year.

Sincerely,

A handwritten signature in cursive script that reads "Dr. Elaine G. Tateronis".

Uxbridge, MA 01569

Dear Mr. Silbor:

At our recent freshman orientation, we asked our new education majors/minors to identify those attributes and characteristics that outstanding teachers exhibit. We discovered that most decided to pursue an education program based on the modeled behaviors of their motivating and challenging teachers.

I am pleased to say that one of our students, Sarah Bishop, singled you out as one of those admired and memorable educators who had a great influence on her coming to Worcester State College to study for this noble profession.

The members of the Education Department at Worcester State College want to recognize your part in inspiring these future teachers. We wish you a successful and gratifying

your part in inspiring these future teachers. We wish you a successful and gratifying school year.

Sincerely,

Dr. Elaine G. Tateronis
