

Monthly Report – October 2007
Daniel Stefanilo, Superintendent

Overview of Activities for October 2007

- On September 30th, visiting members from NEASC began their week long visit to the High School. They conducted meetings/interviews with administration, teachers, and students. In their closing remarks on October 3rd, they stated they would be forwarding their findings of their visit in four to six weeks. Overall, their visit went very smoothly due to the cooperation and support of the entire staff and student body.
- I met with my Student Superintendent Advisory Council on October 4. This was the beginning of our fourth year together. Our goals continue to be the same: allow the students to have open lines of communication with the Superintendent, to share their thoughts and ideas, and to problem-solve issues that arise within their buildings and district.
- Administrative Team Meetings: There were three Administrative Team Meetings during the month of October. Some items of discussion included: NEASC visit, professional development days, budget, technology, badge access, employee discipline, MCAS and AYP, course reimbursement, staff culture, SBA update, and negotiations.
- General Meetings: This month the general meetings included a School Committee meeting, Budget Summit meeting, Sick Bank Committee meeting, and a number of personnel/staff meetings.
- Special Functions: On October 14th, I was invited to take part, as a judge, in the First Annual Scarecrow Contest organized by the Uxbridge Newcomers and Natives.

Administrator,
Daniel J. Stefanilo
